Revival of BOGL, Durgapur

*94. SHRI DIPANKAR MUKHERJEE:
SHRI NILOTPAL BASU:

Will the Minister of INDUSTRY be pleased to state:

(a) the product line of Bharat Opthalmic Glass Limited (BOGL), Durgapur;

(b) whether it is the only unit in the country manufacturing flint buttons;

(c) whether the strategic importance of BOGL was accepted by AAIFR in its hearing on revival of the company; and

(d) if so, Government's action plan in reviving BOGL as per the directions of the AAIFR?

THE MINISTER OF INDUSTRY (SHRI SIKADER BAKHT): (a) The product line of Bharat Ophthalmic Glass Limited, Durgapur is Ophtalmic Flint Buttons (for use in bifocal lenses), Optical Glass items and Radiation Shielding Windows.

(b) Yes, Sir.

(c) AAIFR during its hearing observed that "the strategic importance of BOGL's production has not been denied by any party."

(d) As per the directions of AAIFR, the Operating Agency viz. IDBI prepared a revival package which was considered by the Government. Further, another revival package submitted by the management and the employees union of BOGL was also considered.

In both the draft revival packages it was found that the schemes would not establish long term economic and commercial viability of BOGL, even with financial restructuring and fresh infusion of funds.

However, to mitigate the hardships of the employees an employee friendly Voluntary Separation Scheme (VSS) has been introduced in BOGL with effect from 1.12.1998. It has been decided to extend the validity of VSS which was open upto 28.2.1999 for a further period of three months. It has also been decided to examine the viability of the company through a group of experts.
